Professional Experience

Business Development Executive | Lightbridge Global Services

Remote | Apr 2026 – Present

- Identified and developed an emerging-market opportunity into a revenue-generating niche, leading a three-member team to secure a NGN 10M service contract within 18 days.
- Coached SDRs on pipeline development, prospect engagement and closing techniques, mentoring seven team members into senior Account Executive roles.
- Protected existing revenue by intervening with three at-risk major accounts, identifying client concerns through direct engagement and coordinating with delivery teams to resolve service issues.
- Improved outbound sales effectiveness by 20% by replacing rigid outreach scripts with personalised, conversational email strategies that increased prospect response rates.
- Translated market feedback and customer pain points into actionable insights that informed feature development by the engineering team.

Head of Strategy & Partnerships | Alerte Universal Limited

Remote (Cardiff, UK) | Oct 2025 – Present

- Led long-term company strategy by identifying market gaps and timing digital technology rollouts to capture new revenue.
- Pitched and negotiated joint ventures and channel partnerships that expanded reach and improved the services offered to clients.
- Researched consumer behaviour and competitors to find untapped market segments, advising the leadership team on the strongest new business opportunities.
- Served as the main point of contact between internal product teams and external partners, keeping joint projects on track from start to finish.
- Defined clear performance metrics for all ongoing partnerships to track revenue contribution and value delivered.

Head of Sales & Business Development | LUZ Visual Production Company

Remote (India) | Jan 2025 – Feb 2026

- Built the global sales process for a visual production house, pitching 3D CGI and VFX services to major brands and creative agencies in the US and India.

Managing Director (MD/CEO) | Hatchersfield Limited

Lagos, Nigeria | Jul 2024 – Jul 2025

- Created a revenue recovery plan that paid down 48% of the company's existing debt in 90 days by pivoting the business model toward higher-margin B2B partnerships.
- Negotiated commercial deals with brands including Oraimo and CashMatrix, using campus-based advertising opportunities to unlock new revenue streams.
- Drafted and presented proposals to institutional partners such as the Red Cross to secure long-term growth opportunities with mutual benefit.

Business Developer & Partnership Lead | Help Experience HEx Limited

Lagos, Nigeria | Mar 2021 – May 2024

- Built and pitched a business model that secured NGN 12 million in funding from Project i2m (funded by UKAID via RISA), navigating detailed commercial documentation and presenting a solid case to investors.

- Restructured the core offering of the "Dey4U" platform based on direct market research, driving a 30% increase in product engagement.
- Managed content creation for an influencer platform to convert leads into paying customers, generating around 50,000 engagements within two weeks.
